# About Netherlands

## About Netherlands:

Amsterdam, probably the most planned city of northern Europe, has long been a well-known city. The current survey on number of persons with nephrology and urology manifestations in the Netherlands says that, although the mortality from Nephrological Disorders in our country has declined, its disease burden remains high. Amsterdam is the capital and most populous municipality of the Kingdom of the Netherlands. Its status as the capital is mandated by the Constitution of the Netherlands, although it is not the seat of the government, which is The Hague. Amsterdam has a population of 851,373 within the city proper, 1,351,587 in the urban area, and 2,410,960 in the Amsterdam metropolitan area. The city is located in the province of North Holland in the west of the country.
